**Telemedicine Consent**

Pt. Name: \_\_\_\_\_  
Address: \_\_\_\_\_  
\_\_\_\_\_  
City State Zip  
MRN: \_\_\_\_\_  
DOB: \_\_\_\_\_ SEX: \_\_\_\_\_

**I. Introduction.** Telemedicine involves the real-time evaluation, diagnosis, consultation on, and treatment of a health condition using advanced telecommunications technology, which may include the use of interactive audio, video or other electronic media. As such, telemedicine allows the provider to see and communicate with the patient in real-time.

I understand that to receive telemedicine services I will need to be physically located in the State of Texas at the time of the appointment. If I am unable to be physically located in the State of Texas at the time of the appointment, I understand I will need to reschedule my appointment with my UT Southwestern Telemedicine Providers.

**II. Consent for Treatment.** I voluntarily request UT Southwestern physician(s) and such other faculty physicians, fellows, trainees, associates, advanced practice providers, technical assistant and other health care providers as they deem necessary ("UT Southwestern Telemedicine Providers") to participate in my medical care through the use of telemedicine.

I understand that UT Southwestern Telemedicine Providers (i) may practice in a different location than where I present for medical care, (ii) may not have the opportunity to perform an in-person physical examination, and (iii) rely on information provided by me. I acknowledge that UT Southwestern Telemedicine Providers' advice, recommendations, and/or decision may be based on factors not within their control, such as incomplete or inaccurate data provided by me or distortions of diagnostic images or specimens that may result from electronic transmissions. I acknowledge that it is my responsibility to provide information about my medical history, condition, and care that is complete and accurate to the best of my ability. I understand that the practice of medicine is not an exact science and that no warranties or guarantees are made to me as to result or cure.

If UT Southwestern Telemedicine Providers determine that the telemedicine services do not adequately address my medical needs, they may require an in-person medical evaluation. If I experience an urgent matter, such as bad reaction to any treatment after a telemedicine session, I should alert my treatment team.

**III. Release of Information.** To facilitate the provision of care and/or treatment through telemedicine, I voluntarily request and authorize the disclosure of all and any part of my medical record (including oral information) to UT Southwestern Telemedicine Providers. I understand and agree that the information I am authorizing to be released may include: 1) AIDS/HIV test results, diagnosis, treatment and related information; 2) drug screen results and information about drug and alcohol use and treatment; and 3) mental health information; and 4) genetic information.

I understand that the disclosure of my medical information to UT Southwestern Telemedicine Providers, including the audio and/or video, will be by electronic transmission. Although precautions are taken to protect the confidentiality of this information by preventing unauthorized review, I understand that electronic transmission of data, video images, and audio is new and developing technology and that confidentiality may be compromised by failures of security safeguards or illegal and improper tampering.

I certify that this form has been fully explained to me, that I have read it or have had it read to me, and that I understand its contents.

**1. Social Security Disclosure Statement**

Disclosure of your Social Security Number (SSN) is requested from you in order for UT Southwestern to facilitate positive patient identification. **2. Patient Rights and Responsibilities**

UT Southwestern acknowledges that I have certain rights as a patient, and I acknowledge I have certain responsibilities as a patient. This information (including how to register complaints I may have) is posted throughout the clinic and a written copy was given to me at the time of my visit.

As a teaching institution, UT Southwestern welcomes medical residents; students in other disciplines, including nursing; and university approved observers engaged in an educational purpose; all of whom are under the direct supervision of a privileged provider or staff member. By signing this consent form, I do not waive my right to refuse recommended tests or treatment(s). I authorize and consent to use of recordings, films, or other images of me (i.e., any photographic, video, electronic or audio media) for purposes of identification, diagnosis or treatment in connection with the care provided to me.
